IEEE 1667 SILO TYPE IDENTIFIER (STID) Application

IEEE 1667 specifies the interface to and behavior of several silos (e.g., Probe Silo, TCG Storage Transport Silo, Password Silo, and Smart Card Transport Silo) External silos may be defined outside of the standard, be either public or private, and involve third-party licensing. Guidelines for external silos are specified in IEEE 1667.

The application can be emailed, faxed or mailed to the Registration Authority. Please submit a separate form for each request.

The review and approval process will be completed in less than 30 days. If the application is placed on hold for any reason, the applicant has 30 days to rectify the problem. If the problem is not rectified within 30 days, the application will be terminated and the applicant can re-apply once the issue has been resolved. An assignment is received within 7 business days of approval and received payment.

Make sure that all sections of the form are completed.
